

REMARKS

The minor revisions in this Amendment are to correct an inconsistency between the specification and Sheet 4 of the formal drawings, as pointed out by the "Notice of Drawing Inconsistency With Specification" dated January 27, 2005. Also enclosed is a red-inked, marked-up version of Sheet 4 noting the changes, as well as a Letter to the Official Draftsman enclosing a new Sheet 4 of the formal drawings.

Accordingly, entry of the Amendment under the provisions of Rule 312 is believed to be proper and is respectfully requested.

Respectfully submitted,
